### **Invitation to exhibitors**

You are invited to book a stand on our relaunch of the Sprinkler Conference. There is a great interest for the event, and we will organize this as our greatest Conference ever. This is the Conference that brings together the Norwegian sprinkler industry and representatives from insurance, authorities, fire brigade, suppliers and Fireprotection environment in Norway. In addition, you will find attendees and speakers from USA, Scandinavian and other European countries.

In 2020 we had more than 200 participants in total during the 2 days event, exhibition hall was filled up, this year we will have 24 speakers from in and abroad.

It is mainly a Norwegian conference in Norwegian language, but every year we invite English speakers to collect international experience. This approach has been very successful.

Finance Norway – FG (Insurance approved) represents all major insurance companies in Norway and deals with technical aspects that belong to loss prevention.

The program and invitations in Norwegian and English can be found on our website:
