

A PART OF SOMETHING GREATER

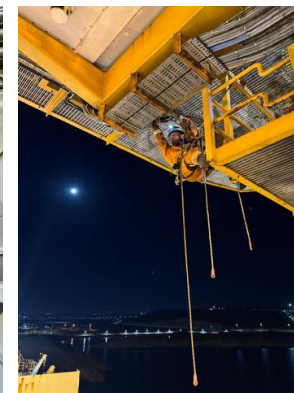

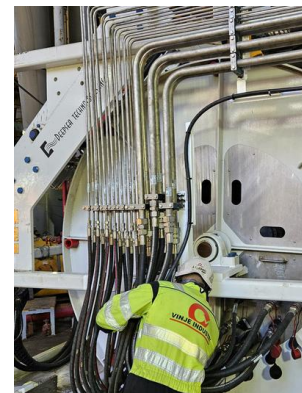

Vinje Industri (part of the GOT group) is a Norwegian company specialized in services and products for the energy and infrastructure sectors, both onshore and offshore

WE ARE RELIABLE

380+
employees

Inspection

We offer comprehensive inspection services giving you a detailed and accurate overview. Allowing you to plan and prioritize effectively.

Engineering & Fabrication

We embrace your challenges, design the solution, and bring it to life. From concept to completion, we find the best way forward and build it for you.

Installation

We turn blueprints into action and action into masterpieces through expert welding, mechanical and electrical installations.

Repair and Maintenance

We breathe new life into the old. Through quality repair and maintenance, we transform what's worn into something as good as new.

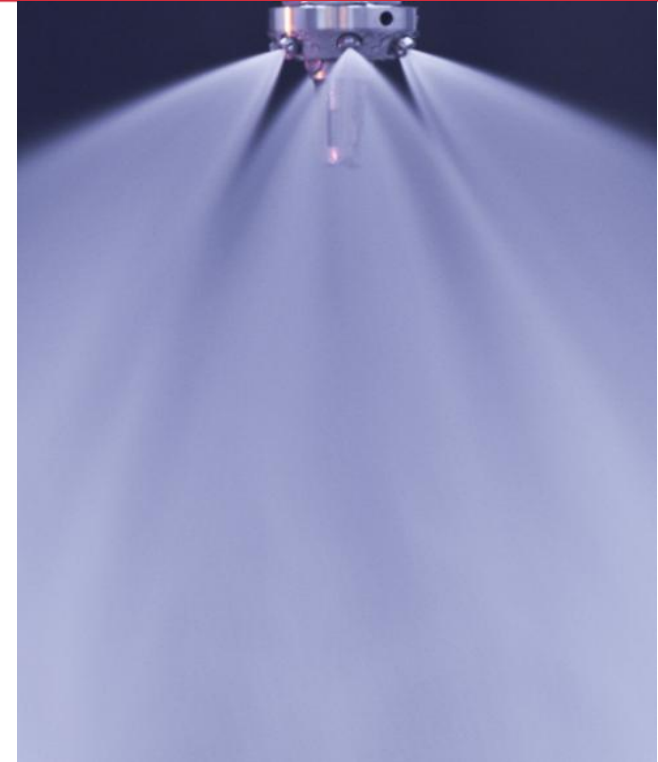

A quarter century
